

## **FBR prepares list of over 100 big investors**

The regional directorate of Federal Board of Revenue (FBR) has prepared a list of over 100 big investors in the city, said sources. They said details of the assets of all the investors is being collected that would lead to further action against such investors. They said the required details are being collected through bank accounts and other departments including the Excise department.

They said the objective of this exercise is to broaden the tax base by brining potential taxpayers in the tax net. They said the Authority is in the process of locating the tax evaders in the city.
